About Us

TSOC was established in 1983 (Mississauga, ON) as a 100% Canadian company manufacturing industry compliant Cables, Connectors and Tools for the Telecom sector. TSOC continues to expand and develop quality products used by professionals to install and maintain Voice, Data, Audio/Visual, Video and Security networks.

Celebrating Oktoberfest in Dartmouth, NS

Product Announcement

Acom Cable Comb CC-250

TSOC products are designed to help installers save time and money. The CABLE COMB is a unique and simple TOOL used to straighten cables during installation into organized bundles for a professional appearance and easy management.

Our Heritage

TSOC is passionate about connecting with people and celebrating the diversity of local communities across Canada.

This season we explore: **Atlantic Canada.**

- Newfoundland is the home of Iceberg Beer.
- Prince Edward Island is the burger capital of the World.
- Nova Scotia declares donair as the official food of Halifax.
